

Asian Supplier Quality Inspector

We are seeking a Contract Asian Supplier Quality Inspector to join our team! You will conduct site inspections and tests to determine the quality of materials, processes and finished products, as well as identify areas of improvement to increase efficiency. Since this position will require significant travel to manufacturing facilities throughout Southeast Asia, the preferred incumbent will be based in China.

KEY JOB RESPONSIBILITIES

- Perform thorough examinations of all materials and finished products
- Conduct and report internal audits and evaluations
- Implement and improve quality control operating procedures
- Identify and troubleshoot equipment problems and defects
- Participate in routine visual inspections

QUALIFICATIONS

- Previous work experience in quality control or other related fields
- Strong attention to detail
- Strong analytical and critical thinking skills
- Able to read and communicate technical requirements from prints
- Excellent written and verbal communication skills in English and either Cantonese or Mandarin

DISCLAIMER: *The above description reflects the general details considered necessary to describe the principle responsibilities and functions of the job identified and shall not be construed as a detailed description of all the work requirements that may be inherent to this job.*
