 3207 Innovation Place  
Youngstown, OH

Full-service provider of custom aluminum extruded parts and products.

# Our Services

A single point of contact from design to delivery.

## Extrusion Sourcing Capabilities

Tap into nearly 50 years of A1 extrusion sourcing capabilities. Our extensive network of partner extruders both domestic and international offer

- Solids and Hollows
- Dies from 1/4" to 24"
- Tolerances to +/- .001"
- ISO 9001

## Design Assistance

Take ideas from concept to final design, utilizing value engineering and innovative manufacturing.

- CAD Technology
- Die Design Assistance for Extrudability
- Prototyping

## Finishing

Select the right finish for durability, usability, and aesthetics. We can match nearly any requirement.

- Powder Coating
- Type 1,2,3 Anodizing
- Clear & Color Anodizing
- Precision Masking
- Polishing & Brushing
- Wet Paint & Grain Finish
- Silk Screening.

## Packaging & Shipping

We have the capability and equipment to handle all labeling and packaging requirements

- Boxing & Palletizing
- Custom Packaging
- Export Packaging
- Shrink Wrapping
- E-Commerce
- Barcoding

## Fabricating & Assembly

From simple machining to custom shapes, we have the in-house technology and capabilities to handle it.

- Drilling/Punching/Piercing
- Precision Cutting & Mitering
- CNC & Conventional Machining
- Welding & Bending
- PEM Insertion
- Riveting

**“We were so impressed with the quality of Northern States Metals services, their design ingenuity to help us reduce costs, and their attention to customer satisfaction”**

*Pasquale Romano, CEO  
ChargePoint*
